Matheus Alves

Web Front-end Developer

<https://matheus-alves-portfolio.vercel.app/>

Web Front-end developer. Always praised for my determination, committed and good project deliveries. I built my career with a lot of effort and dedication until I became the professional I am.

My main objective is my knowledge and professional growth always open and in favor of feedbacks. I have a lot to learn but also to contribute.

I'm a very hard work/study guy, always looking to upgrade my knowledge. I love to work with the teams

+6 years experience with Front-end development.

+3 years Reactjs ecosystem using Typescript.

Good knowledge on Next.js Features and Good knowledge with SSR and SSG.

Prisma.

Advanced CSS with Scss/Less.

I know THREE.JS also

In my personal projects I'm a full stack, I like to use Nest.js + Prisma + Mysql or MongoDB
